

I am writing to let you know that I appreciate the radio station K-LOVE 88.9FM. They broadcast uplifting and encouraging music, have local concerts listings, give free air time and publicity for local non-profit organizations and events, and give my family music, news and comments that are free from any worries about content. If K-LOVE were displaced by an LPFM station that did not carry these qualities, it would be detrimental to the spiritual growth and uplift of the Oklahoma City community. Thank you for listening.
